

Registration Form

Proposal for an awareness-raising action within the framework of the European Week for Waste Reduction

This registration form should be filled out as precisely as possible, but should also be kept concise. Keeping the description of your EWWR action clear and concise is essential to allow the proposal to be judged for validation, but also to make sure that the action is well presented in the regional programme of the European Week for Waste Reduction 2010, in the case that the proposal is successfully validated.

Please note: registration per event and per place is obligatory to ensure that each Project Developer gains access to the EWWR Communications tools and that each action is featured on the programme of the Week. For example, in the case of a supermarket chain, a registration form should be filled in for each individual supermarket that proposes an action.

Please read and agree to the conditions laid out in the EWWR Participation Charter prior to filling in this form. It is obligatory to fill in all fields.

I hereby agree to respect the conditions laid out in the EWWR Participation Charter.
